In a September 2023 lecture in Dornach, Switzerland, Dr. David E. Martin detailed how it is known that SARS-CoV-2 is a man-made biological weapon whose development began 58 years ago.

Dr. Martin said that the "coronavirus" virus was first described in 1965. Two years later, healthy British military personnel were infected with coronavirus pathogens from the US "as part of our biological weapons program."

In 1992, Ralph Baric at the University of North Carolina, Chapel Hill, took a pathogen that used to infect the gut and lungs and altered it with a chimera to make it infect the heart, causing cardiomyopathy. This research was part of the effort to develop an HIV vaccine.

The covid injections were 19 years in the making by the time they were rolled out. These injections were rolled out despite the mRNA spike protein being publicly referred to as a bio-weapon almost 20 years ago. In 2005, the mRNA spike protein was presented at a conference organised by DARPA and Miter Corporation as a "technology that enables biological warfare."

Towards the end of his lecture, Dr. Martin summarised some of the key points in the timeline of the conspiracy to commit global genocide:

- 2002 – US scientists developed the weapon.
- 2003 – US Centres for Disease Control and Prevention (CDC) patented the weapon in its first commercial application (SARS).
- 2005 – mRNA spike protein was declared a biological "belligerent" technology.
- 2016 – Proceedings of the published National Academy of Sciences article '*SARS-Like W1V1-COV Poised for Human Emergence*'. W1V1-COV refers to the first covid-like virus that was produced by the Wuhan Institute of Virology. The article states that the virus is ready for release and describes in detail how it can best be released.

He also exposed more outrageous covid crimes that include collusion, racketeering and criminal conspiracy murder.

Dr. Martin named the chief culprits as Peter Daszak, Ralph Baric, Jeremy Farrar, Chris Elias, Tedros Ghebreyesus, Bill Gates, Anthony Fauci, the World Health Organisation, the Defence Advanced Research Projects Agency ("DARPA"), the United Nations, Rockefeller Foundation, the Wellcome Trust and the Gates Foundation.

To avoid criminal investigation or responsibility, the GAVI Vaccine Alliance's research projects have been placed under the World Health Organisation ("WHO") and, according to the WHO Charter, they cannot be investigated or prosecuted for crimes committed. GAVI, based in Geneva, Switzerland, also enjoys diplomatic immunity and cannot be prosecuted by the local authorities.

technologies, electrical field transmission technology, medical diagnostics, and stealth/anechoic technology. He was a founding member of Japan's Institute for Interface Science & Technology. He founded and served as Executive Director of the Charlottesville Venture Group. He has served as a board member for the Research Institute for Small and Emerging Business (Washington D.C.), the Academy for Augmenting Grassroots Technological Innovations (India), the IST (Japan) the Charlottesville Regional Chamber of Commerce (Virginia), and the Charlottesville Industrial Development Agency (Virginia).

As a former Assistant Professor at the University of Virginia's School of Medicine, Dr. Martin founded the University's first wholly-owned, for-profit, research and development and technology transfer corporation. Engaged in domestic and international technology transfer, clinical research, and financing, this company pioneered new techniques of innovation management that have become industry standards. In 1999, Dr. Martin was appointed by the Governor of the Commonwealth of Virginia to serve on the Joint Commission on Technology and Science and has served the General Assembly and Virginia's Centre for Innovative Technology on numerous occasions.

Dr. Martin's work with the Batten Institute at the Darden Graduate School of Business Administration at the University of Virginia and his related work at the Indian Institute for Management in Ahmedabad India has brought unprecedented curricular focus to areas of intangible asset risk management, finance, and accounting standards. In addition to his academic work, Dr. Martin has closely advised intellectual property-based finance and investment programs in India, China, Denmark, the European Union, the United Kingdom, South Africa, the Islamic Republic of Iran, the United States, and the United Arab Emirates.

Dr. Martin has publications in law, medicine, engineering, finance and education. He maintains active research in the fields of linguistic genomics and fractal financial risk modelling, as well as continuing his over 15 years of research in cellular membrane ionic signalling.

Human Rights are not really very well understood, since its been a long time since the end of Slavery and The American Civil War (1861-1865) so when people are expected to volunteer to have an Experimental Test Vaccine by their Governments and nudge units, etc, they don't understand fully what happens to their Human rights, after vaccination: This is what you volunteered to become when you volunteered to have their vaccines, all legal and above board. Once you volunteer, you become their "Crash Test Dummy" now just Cattle, with zero Rights, by Law.

The synthetic (Mod) mRNA of Pfizer and Moderna, along with the viral vector DNA delivery systems of Johnson & Johnson and AstraZeneca, change your genetic code, making you "genetically-modified." Granted mainstream media say the foregoing is "conspiracy theory." But Moderna Chief Medical Officer Tal Zaks tells you straight up that 1) the shots change your genetic code and 2) the shots do not stop the spread of COVID-19. He says the Moderna shot is "hacking the software of life" (at the 0:43 second mark, but the whole video is...disturbing). Viral vectors do the same thing.

ModRNA made in a laboratory, so your new DNA is as well, so when you die where does your Soul go with not natural mRNA or DNA, but synthetic and made in a lab – Heaven? probably not: In an explosive revelation a few days ago during a video conference with Medical Doctors for Covid Ethics International, Prof. Dr. Sucharit Bhakdi, former Chair of Medical Microbiology at the University of Mainz and a distinguished figure in the field, unveiled findings that have sent shockwaves through the scientific community. The first experiments indicates that experimental COVID mRNA jabs, may have been integrating into human cells—raising the specter of genetic modification on an unprecedented scale

So do these companies "own you" once you get the shots? Well, they own mice and bacteria

created with their inventions. Once you get these shots, you are no longer a “naturally-occurring”

“Human Rights are not really very well understood”?

Human ‘rights’ are *nothing* but a man-made construct, that is why you write the way you do.

Try pleading your ‘human rights’ to God on judgment day and the reply will be something akin to

“Depart from Me ye cursed into everlasting fire” Matthew 25:41.

Rather, “close in with Christ today while there is still time” as Bunyan was wont to preach..

Hi Islander,

What Rich was saying is The Vaccinated mRNA alters the DNA / Chromosomes.

The vaccinated Will Not be able to draw closer to God or Jesus ,

The Stage is Being Set (“To bring the Anti-Christ”)

(“Technically Chromosomes cause Dr David Martin PROVED we don't have DNA we have Chromosomes”)

It's very likely even more than 20 years, because in Germoney the first so called Infection Prevention Act is from July 2000. In this act they talk about nano structures without mention them directly, so that people would think they mean viruses or other stuff. Viruses don't exist of course.

IfSG § 21 Vaccines

In the case of a vaccination ordered on the basis of this law or a vaccination publicly recommended by the highest state health authority or a vaccination in accordance with Section 17a paragraph 2 of the Soldiers Act, vaccines may be used that contain microorganisms that can be excreted by the vaccinated person and absorbed by other people. The fundamental right to physical integrity (Article 2 Paragraph 2 Sentence 1 of the Basic Law) is restricted in this respect.

In the past classical infections with so called viruses etc. could have never been proved. See Dr. Thomas Cowan and Boston Experiments. So knowing that almost always everything the system does is upside down you can only come to the conclusion, that this law is an not infection prevention law but exactly the opposite, an infection law. Oh man, this is sick, twisted and criminal.
