

Renowned Oncologist: COVID ‘Vaccines’ Caused Deadliest Cancer Crisis in History

A renowned oncologist has issued a disturbing wake-up call to the world while presenting irrefutable evidence that Covid mRNA “vaccines” have caused the biggest surge in deadly cancer cases in human history.

The warning was issued by **Dr. Angus Dalgleish**, a professor of oncology at St George’s Hospital Medical School at the University of London.

The globally recognized doctor is best known for his contributions to HIV/AIDS research.

Dalgleish argues that Covid mRNA “vaccines” are the cause of skyrocketing [excess deaths](#) recorded all [around the world](#) since early 2021.

He also asserts that the injections are linked to [surges in cancer](#), which he described as “[turbo cancers](#).”

The disease has been found to form and spread so rapidly among vaccinated people that doctors have dubbed the phenomenon “turbo cancer.”

Doctors have [revealed](#) that some “turbo cancers” spread so quickly that seemingly healthy patients can die within a week of being diagnosed.

Oncologists are also warning that these aggressive cancers don’t respond to conventional treatments.

This phenomenon has been [seen globally](#).

During a new [interview](#) with [Alex Jones](#) on InfoWars, Dr. Dalgleish reveals chilling new proof that mRNA injections have triggered an unprecedented cancer epidemic.

“This is not theoretical or speculative,” Dalgleish declares before presenting his findings.

“Decades of research have demonstrated the risks of foreign DNA integrating into foreign cells, leading to potentially catastrophic outcomes.

“Synthetic DNA contamination, as detected in Australian vials of the Pfizer and Moderna COVID-19 ‘vaccines’ by [virologist] David Speicher, presents risks of a genomic instability which can manifest as cancers, immune disorders, and hereditary diseases.

“To explain in more straightforward terms, the ‘vaccines’ contain lipid nanoparticles

which encapsulate synthetic DNA fragments.

“These nanoparticles deliver this DNA into the various organs throughout the body.”

“The DNA has the potential to integrate into our own genetic material,” the professor adds.

“As such, these ‘vaccines’ are not vaccines.

“They are, in fact, gene therapy-based.

“This genomic integration, as the scientific literature makes clear, can lead to cancer development, immune system disruption, and more.

“The sheer levels of contamination detected, up to 145 times the permissible limit in some cases, are extraordinary and far beyond what should be allowed in any medicinal product.

“The real-world evidence from the UK, while this may sound like a remote possibility, I’m here to tell you that we are already seeing evidence of these effects in real patients.”

Dangleish has been issuing increasing warnings that Covid mRNA injections cause cancer in recent months.

“This is happening on a horrendous scale,” Dangleish [warned](#) in February.

One way in which the spike protein in the mRNA boosters can induce cancer is by removing immune surveillance, Dangleish says.

It can also kickstart oncogenes, which are mutated versions of the proto-oncogenes that regulate normal cell growth and division.

Dangleish is worried that this T-cell suppression has created a ticking time bomb among the general public.

In a few years’ time, the issue will result in a disastrous explosion of early cancers.

Dangleish warns that deadly cancers in 20- to 30-year-olds – that would normally appear when a person is 70 to 80 years old – are already surging.

He has been speaking out since 2022 about the increase in cancers that he and other doctors have witnessed and has written several articles on the subject.

Dangleish says research indicates that the mRNA “vaccines” are causing both T-cell suppression and antibody class switching.

“I think the turbo cancers are probably caused by that,” he warned.

He also recently warned that the “evil” injections have triggered a global “explosion” in cases of deadly “turbo cancers.”

As Slay News [reported](#) in December, Prof. Dalgleish raised the alarm during an international forum of experts investigating the mass Covid vaccination campaign.

He warned that he has seen an “explosion” of deadly “turbo cancers” in [his patients](#) who have received Covid mRNA injections.

While addressing the Medical Doctors for Covid Ethics International forum, founded by Dr. Stephen Frost and moderated by Charles Kovess, Dalgleish told the panel of experts:

“We must stop messenger RNA [mRNA] at all costs... It’s not only mad, it’s evil.”

The warnings from Dalgleish come as the U.S. Food and Drug Administration (FDA) recently made the [explosive admission](#) that Covid mRNA “vaccines” are spiked with contaminants that triggered a global surge in cancers.

The federal agency made the admission after an FDA study confirmed that Pfizer’s Covid mRNA “vaccine” contains dangerous levels of excess DNA contamination.

As Slay News previously [reported](#), leading scientists have been warning for some time that surges in deadly cancers among the Covid-vaccinated were [caused](#) by [DNA fragments](#) in the mRNA injections.

Those warnings have now been confirmed in a bombshell study conducted in the FDA’s own laboratory.

Tests conducted at the FDA’s White Oak Campus in Maryland found shocking levels of DNA contamination in the “vaccines.”

The residual DNA levels exceeded regulatory safety limits by up to 470 times.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying

reaction test - which to this day is being pushed on a majority of people who have no clue. His conclusions are evidenced by renown scientists. Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A Cadence Global Research Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -**Edward Curtin**
