**The 2025 Bilderberg meeting discussed topics such as AI, defence innovation and geopolitics. Also on the agenda was depopulation and migration.**

**The meeting was hosted by the Swedish Wallenberg family and included representatives from the aerospace and defence company SAAB and the telecommunications company Ericsson. The conference led to a significant increase in Sweden's defence budget and a shift towards AI-powered warfare.**

**The Bilderberg Meeting, also known as the "Bilderberg Group," "Bilderberg Conference," or "Bilderberg Club," is an annual off-the-record forum established in 1954 to foster dialogue between Europe and North America. This year's meeting was held between 12 June and 15 June in Stockholm, Sweden.**

**On 13 June, Israel carried out a series of airstrikes in Iran targeting the country's nuclear sites. The surprise attack was followed by several days of Israel and Iran trading deadly strikes.**

**"The trigger went off on Friday 13<sup>th</sup> with Israel's 'surprise attack' on Iran to the delight of plotters from the inner circle," Jacob Nordangård writes.**

## **Bilderberg 2025: Invoking the AI-powered War Machine**

---

*The trigger went off on Friday the 13<sup>th</sup> with Israel's "surprise attack" on Iran to the delight of the plotters from the inner circle.*

Jacob Nordangård, 22 June 2025

At the recent Bilderberg meeting in Stockholm, the war profiteers gathered in their masses (just like witches at black masses) to invoke their AI-powered war machine. The trigger went off on Friday the 13<sup>th</sup> with Israel's "surprise attack" on Iran to the delight of the plotters from the inner circle. Their skillfully coordinated plan would now quickly come into motion.

Hosting the event was the Swedish Wallenberg family, represented in the Bilderberg steering committee by the banker Marcus Wallenberg, and the Trilateral Commission was represented by Jacob Wallenberg.

The profits of their family business are soaring with the help of the aerospace and defence company SAAB, which is developing "new technology to meet customers' changing needs," and the telecommunications company Ericsson, which is "transforming the future of defence digitalisation."

Their political puppets faithfully carry out their orders. Both Swedish Prime Minister Ulf Kristersson and opposition leader and former Prime Minister Magdalena Andersson participated in the meeting, illustrating the corruption and revolving doors between financial elites and (s)elected politicians. Another important player was German-born venture capitalist. and Trump puppeteer. Peter Thiel and his loyal team of AI-entrepreneurs. In 2007, as a recently selected WEF Young Global Leader, Thiel attended his first Bilderberg meeting. A year later he started to fund the activities of the American Friends of Bilderberg Inc. (together with "elders" like David Rockefeller, Henry Kissinger, and the current Bilderberg chair Marie-Josée Kravis) and since 2012 he has served as a director in the Bilderbergers' "inner sanctum" with a capacity to choose guests and set the agenda.

The inner core of the American Friends of Bilderberg Inc. has since come to be largely dominated by Big Tech moguls such as Palantir's CEO Alex Karp, Microsoft's CEO Satya Nadella and the former CEO of Google, Eric Schmidt.<sup>1</sup> Important actors in the construction of the World Brain/AI Godhood.

It also reflects a shift of power from the old guard to the “Techno Kings”. In 2021, the three Bilderbergers Schmidt, Kissinger and Craig Mundie (Microsoft’s former Chief Research and Strategy Officer) co-authored ‘*The Age of AI: And Our Human Future*’. It was Kissinger’s last book before he passed away in November 2023.

Present at the conference were also other promoters of cybernetic command and control centres like Patrice Caine from French aerospace and defence corporation Thales; Arthur Mensch from French artificial intelligence startup Mistral AI; and, Demis Hassabis from Google Deep Mind.

And now they are about to upscale the war. Among the invited guests were NATO Secretary General Mark Rutte, his assistant Geoffrey van Leeuwen and the two US Army commanders: Admiral Samuel Paparo and General Christopher Donahue. Some of the subjects discussed at the Bilderberg meeting in Stockholm were:

- Authoritarian Axis
- Defence Innovation and Resilience
- AI, Deterrence and National Security
- Proliferation
- Geopolitics of Energy and Critical Minerals
- Depopulation and Migration

This means WAR! Can we assume that the reference to “depopulation” concerns an ethnic cleansing of Gaza and maybe the West Bank, or does it indicate a major devastating event in the near future? It certainly fuels speculations.

The defence industry is about to secure lucrative contracts anyway. After the meeting, the approximately 150 attendees celebrated their successful gathering at the Wallenberg villa “Täcka Udden,” a short boat ride from the Grand Hotel. Oscar Stenström, the former secretary of state who negotiated Sweden’s entry into NATO and is now employed by the Wallenberg sphere (!) was in charge of the arrangements.

Only a few days later, the Swedish government presented a defence agreement, supported by all parties in parliament, that will add 300 billion kronor to the budget of the Swedish Armed Forces (by lending money and increasing the national debt by 3%).

This will ensure that Sweden meets NATO's new spending target, which was demanded in January by Donald "The man who can't be bought" Trump.

According to the Minister for Finance Elisabeth Svantesson, "it's about our children and grandchildren not having to learn to speak Russian." I guess the banking elite and the arms manufacturers are very satisfied with the outcome.<sup>2</sup>

## **G7 in Kananaskis**

---

Only two days after the Bilderberg meeting, the G7 leaders gathered in Canada with superbanker and former World Economic Forum trustee Mark Carney as host. He attended the Bilderberg meetings in 2011, 2012 and 2019, and was the president of Chatham House before being (s)elected as Canadian prime minister in March 2025.

His Minister of Transport and Internal Trade, Chrystia Freeland, and Minister of Finance, François-Philippe Champagne, participated in Stockholm. Both are alumni of World Economic Forum's Young Global Leaders programme.

The G7 leaders failed to produce a common communique due to Trump's ongoing trade war against his allies, but made joint statements in areas like:

- Securing critical minerals supply chains
- Adopting, powering, and sharing artificial intelligence

The AI arms race is on. The coming AI World Brain is hungry for energy and critical minerals in order to efficiently manage our future.

The leaders also affirmed Israel's right to "defend itself," and that Iran "can never have a nuclear weapon."<sup>3</sup> Donald Trump left the meeting after only one day, because of developments in the Middle East, to prepare for what was to come.

And last night, 22 June, the US dropped three big buster bombs on three nuclear sites in Iran! As the "greatest friend Israel has ever had," Trump showed his loyalty.

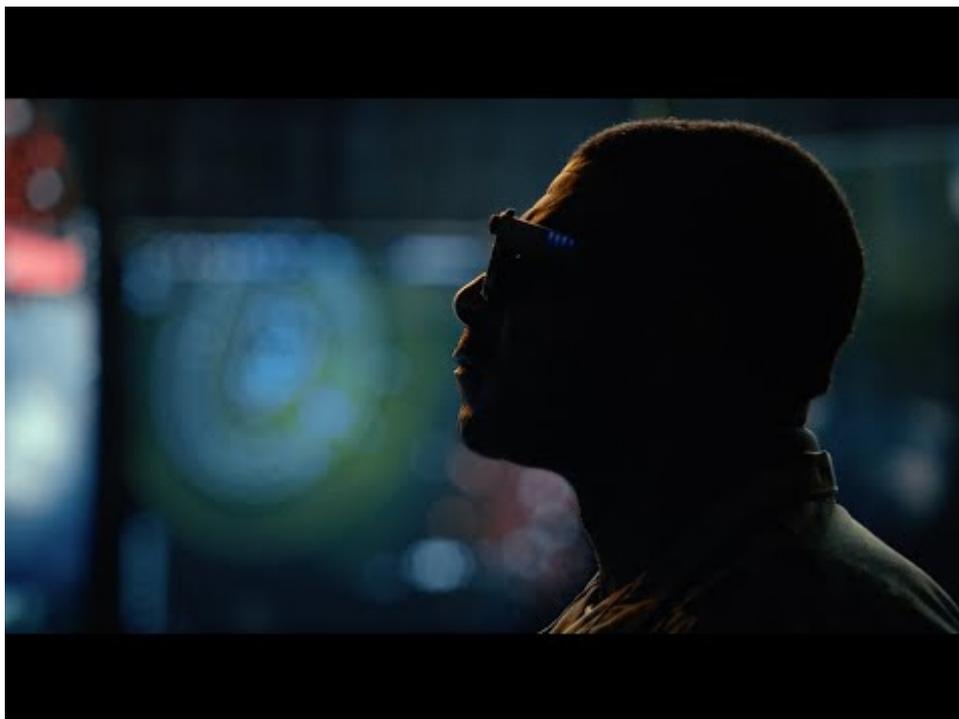

UN Secretary General António Guterres said in his statement that it is a "growing risk that this conflict could rapidly get out of control – with catastrophic consequences for civilians, the region and the world."<sup>4</sup> The Age of Chaos has begun.

What countermeasures will the Iranian mullahs take? Maybe some of the Complex Global Shocks outlined by the United Nations? Disruption to the oil supply is highly likely. And who will come to their aid? The “Authoritarian Axis” discussed by the Bilderbergers?

And how will the US entry into the war affect the NATO Summit on Tuesday? As described on their webpage, “NATO Allies will take decisions in The Hague, the Netherlands, to make NATO a stronger, fairer and more lethal Alliance.”

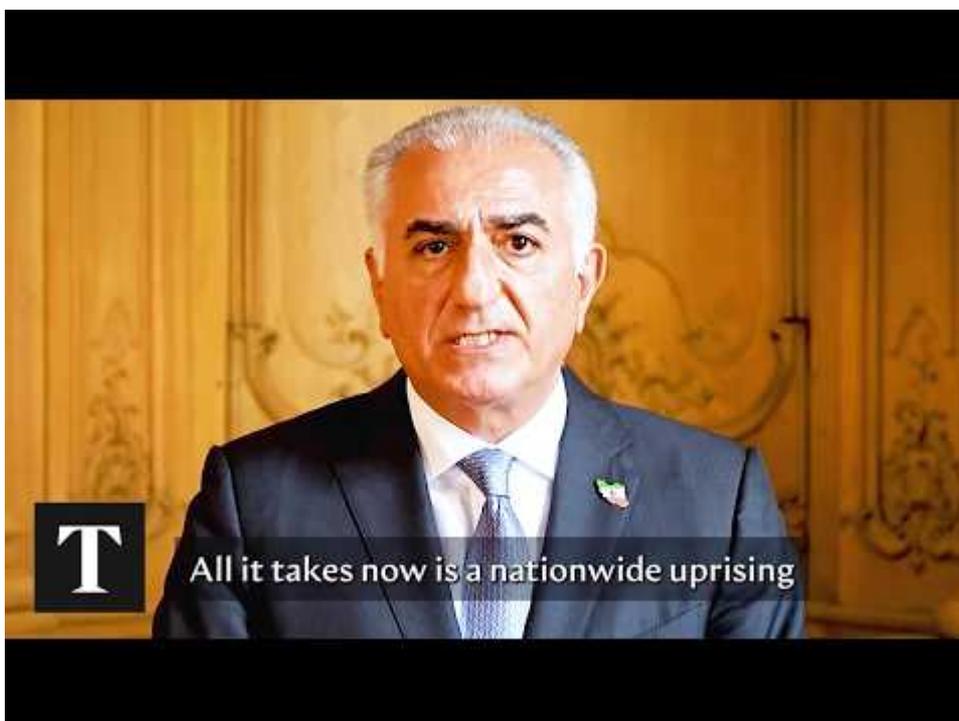

An escalating war in the Middle East is now on top of the agenda. A war to be fought with drones, robots and the latest AI-powered machinery. Delivered by Karp and Thiel’s Palantir.

The former NATO Secretary General Lord Robertson stated at Chatham House's London Conference a couple of days ago, that Trump's decisions "will shift the places on the chessboard quite dramatically." According to the former MI6 chief Sir John Sawers, a regime change would "create total chaos inside Iran."<sup>5</sup>

And in the background, Iran's Crown Prince Reza Pahlavi is preparing to restore the monarchy and ascend to the throne as soon as the mullahs have been chased out of Iran. Can we assume that, while renewing the Iranian friendship with Israel, he also gives his blessing to the rebuilding of the temple of Jerusalem? Like a modern-day King Cyrus the Great.<sup>6</sup>

“So said Cyrus, the king of Persia, ‘All the kingdoms of the earth the Lord God of the heavens delivered to me, and He commanded me to build Him a House in Jerusalem, which is in Judea.’” – Hebrew Bible, Ezra 1:2

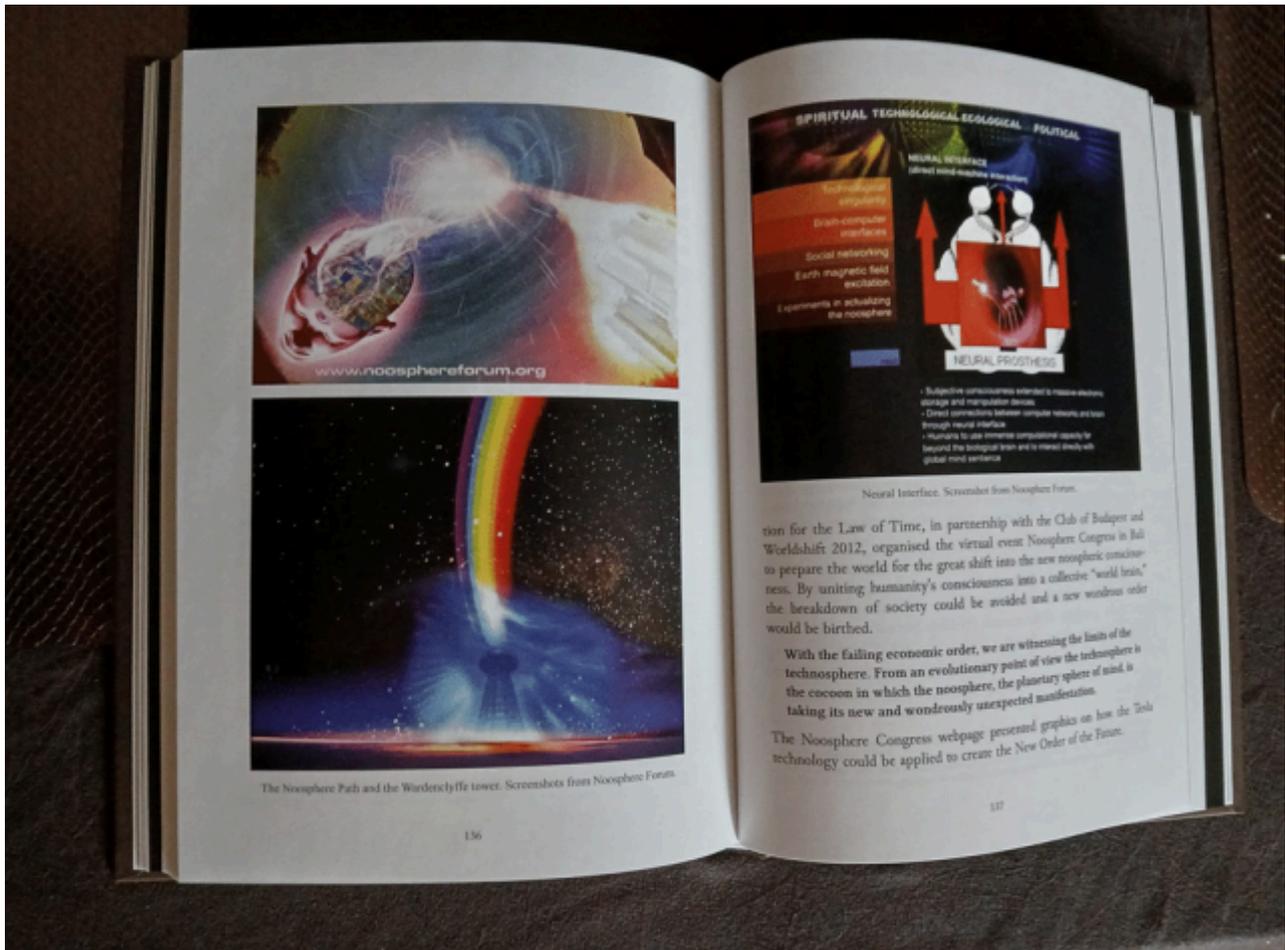

2,500 years ago, Cyrus the Great liberated the Jewish people from captivity and helped them rebuild their Temple in Jerusalem. It is with profound awe that I visit the Western Wall of that Temple and pray for the day when the good people of Iran and Israel can renew our historic friendship.

## The Bilderbergers meet in secret for the 71st time: On the agenda was war, depopulation and migration

While previously it was a hobby culminating in writing articles for Wikipedia (until things made a drastic and undeniable turn in 2020) and a few books for private consumption, since March 2020 I have become a full-time researcher and writer in reaction to the global takeover that came into full view with the introduction of covid-19. For most of my life, I have tried to raise awareness that a small group of people planned to take over the world for their own benefit. There was no way I was going to sit back quietly and simply let them do it once they made their final move.
